Comprehensive Care by Independent Doctors

Desert Doctors is founded upon the time-honored physician-patient relationship that builds trust while providing value, experience, and collaborative care. More physicians are choosing to join the Desert Doctors Network to maintain their independence in private practice, while being part of an innovative network that collaborates with other local and regional medical colleagues and area hospitals. Is your doctor a member? Search our website for direct links to member information including telephone number and physical address, and follow us on Facebook. We help you find an outstanding doctor to make a timely appointment.

In a time when deductibles and co-payments have increased, and to assist the health care consumer with cost savings, Desert Doctors strives to provide you with cost transparency every step of the way.
### Members by Specialty
